

## PRESIDENT MESSAGE

Revolutionary salutations and compliments of the New Season. NPSWU congratulates, commends, and salutes the heroic efforts of all workers who fought this pandemic head-on, you are truly our heroes. When the call for duty came, you immediately responded to protect and defend the South African people. We call on all workers to be more vigilant in the face of this brutal pandemic that is taking lives and livelihoods. The workers are financially and emotionally stressed, and I wish to express our sympathies and condolences to those who lost their loved ones and that we are with you in prayers

Last year was tough but this year it's gonna be worse before it gets better so I call on all members to be ready for war. The uncaring employer has brutally refused to give public service workers their salary increment, PPE, danger allowance nor a token of appreciation yet he expects workers to fight the COVID-19. Let's remain resolute, defiant, unrelentless, uncompromising and revolutionary in our resolve.

NPSWU promises to deliver much improved services and benefits. **EQUAL PAY FOR WORK OF EQUAL VALUE.** Workers must take a conscious decision to join and remain with us for the emancipation of the working class and the fight for better working conditions. Please log into [www.npswu.org](http://www.npswu.org) and also share with us your challenges and experiences on [inf@npswu.org](mailto:inf@npswu.org)

The spirit of the working class will never relent. Amandla!! Viva NPSWU Viva!!!

Please take care, keep to the basics, we love and care for you. You are special
